

Biodata

1. **Name:** Arvind Kumar Jaiswal
2. **Designation:** Scientist (Senior scale)
3. **Contact Details**

Address: ICAR-Central Potato Research Institute, Regional Station Jalandhar, Punjab

Phone No. : 8360507504
Mobile No. : 9465081216
Fax No. :
Email Id : Arvind.Jaiswal@icar.gov.in

4. Academic Background

Degree	Year	Name of University / Board
B.Sc. (Botany, Chemistry, Zoology)	2006	Dr. Ram Manohar Lohia Avadh University, Faizabad, Uttar Pradesh
M.Sc. (Food Technology)	2009	Allahabad University, Allahabad, UP
PhD (Dairy Chemistry)	2014	ICAR-National Dairy Research Institute, Karnal, Haryana

5. **Area of Research/Interest:** Functional and specialty food, food fortification

6. **Awards Received:** Nil

7. Publications

Research paper, newsletter articles, book chapters, e-books, extension folders, popular articles

8. A short biography (8-10 lines)

Born on the 15th of November 1985, he acquired his undergraduate degree from Dr. Ram Manohar Lohia Avadh University, Faizabad, Uttar Pradesh, postgraduate degree from Allahabad University, and doctorate from ICAR-National Dairy Research Institute, Karnal, Haryana. He joined the Agricultural Research Service in 2014 as a scientist at ICAR-Central Institute of Post-Harvest Engineering and Technology, Ludhiana, Punjab, and ICAR-Central Potato Research Institute, Shimla in 2017. Currently, he is working as a scientist in the Crop physiology, biochemistry, and post-harvest technology division at ICAR-CPRI, Regional station Jalandhar. He possesses a wide-ranging understanding of chemistry, dairy chemistry, and food science & technology. He has published over 35 research papers/reviews/popular articles/book chapters, among others. His primary focus lies in the creation of functional and specialty food products, along with the utilization of by-products and waste, particularly in relation to potatoes. He has successfully developed numerous innovative potato-based food items that add value.
